  <div style="color: blue;"> My DIV </div>
</body>
```

2. Write the style to color, 'Beryl' only to blue.

```
<body>
  <article>
    <div>Emerald</div>
    <div>Jade</div>
  </article>
  <nav>
    <article>
      <div>Amber</div>
      <div>Beryl</div>
      <div>gypsum</div>
    </article>
  </nav>
  <nav>
    <article>
      <div>Humite</div>
      <div>Jasper</div>
      <div>lazulite</div>
    </article>
  </nav>
</body>
```

3. What is the color of 'Hello'?

```
<style>
  div.content{
    color:  pink;
  }
  div .content{
    color:  yellow;
  }
</style>
</head>
<body>
  <div>
    <div class="content">
      Hello
    </div>
  </div>
</body>
```
